Named Storms

12-17

Hurricanes

5-9

Major Hurricanes

1-4

# 2023 Atlantic Tropical Cyclone Names

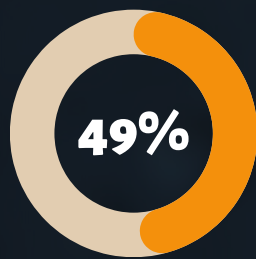

Arlene	Harold	Ophelia
Bret	Idalia	Philippe
Cindy	Jose	Rina
Don	Katia	Sean
Emily	Lee	Tammy
Franklin	Margot	Vince
Gert	Nigel	Whitney

After three hurricane seasons with La Nina present, NOAA scientists predict a high potential for El Nino to develop this summer, which can suppress storm development in the Atlantic Ocean.

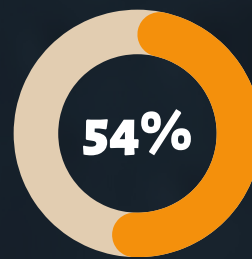

# 2022 Hurricane Preparedness and Mitigation poll

## Survey Highlights

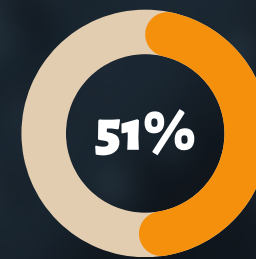

The annual report surveyed people from 61 of Florida's 67 counties.

Feel somewhat or extremely vulnerable to damage from a hurricane, related tornado or flooding hazards

Are willing to accept tax increases, up from 46% in 2021.

Believe government should establish a legislative authority to better regulate development.

- An increasing number of Floridians believe government has a role to play in mitigating hurricane risk.
- A majority of homeowners are willing to accept tax increases to pay for government initiatives that mitigate risk.
- An increasing number of homeowners are willing to cancel their homeowners insurance as insurance premiums and housing costs rise.

**With a 30% chance of an above-average hurricane season, it is imperative to:**

**Stay informed**

**Listen to local officials**

**Understand your local risks**

**Gather essential items**

**Avoid potentially dangerous situations**
