

Miami-Dade County's

GAS PRICE GROWTH

How did we compare to the rest
of the country in March 2020?

AVERAGE GAS PRICES OVER THE PAST YEAR: A COUNTRY, STATE, AND COUNTY COMPARISON

*Data shown is from March 18, 2022
Source: AAA Gas Prices (prices are adjusted daily to reflect national, state, and county changes)

Miami-Dade County's

GAS PRICE GROWTH

Miami-Dade county's average gas price (**\$4.30**) is not the highest in the state. Monroe County's average is **\$4.50**.

However, the highest recorded gas price in Miami-Dade County was **\$5.39**.

Between March 2021 and March 2022, gas prices have increased by **50.5%**.

The average price for diesel gas in Miami-Dade is **\$5.02** (a **69.4%** yearly increase).

Miami-Dade County's

ALTERNATIVES?

Would electric cars or ride shares reduce average commuting costs?

- In Florida, as of February 2022, the average annual running cost of electric vehicles (EVs) was **\$457** cheaper than gas cars.
- However, the average EV price is \$56,437, \$10,000 more than the gas-car average, classifying EVs as luxury and unattainable for low-income families.
- Ride-shares are implementing a 35-55 cent surcharge per trip in response to the rise of gas prices, raising the minimum price to \$3.97-4.17.
- Miami-Dade's public transit fares have remained unchanged. A single trip MetroBus mobile pass is **\$2.25**.
