

# Transportation and Warehousing

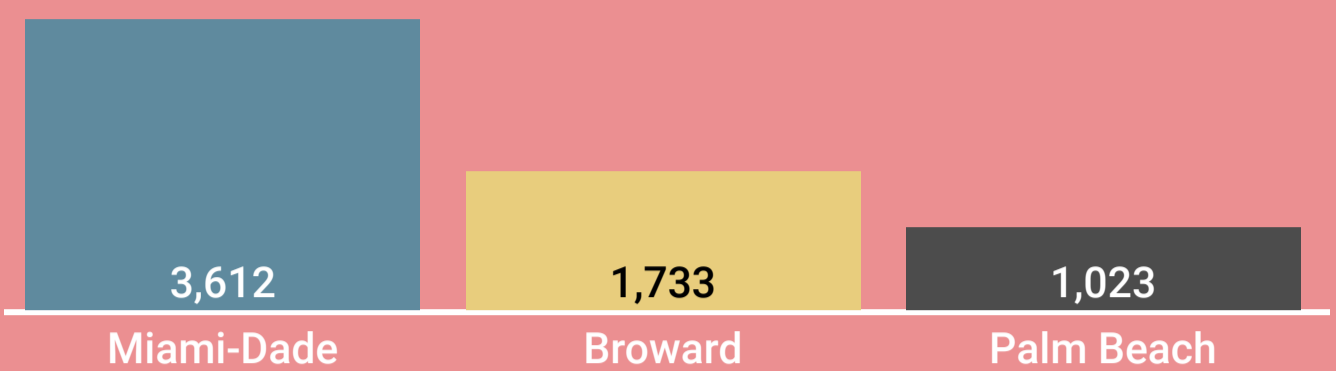

## Series: Understanding the Impact of COVID-19 in South Florida

Over **200K** people are employed in South Florida's Transportation and Warehousing sector. Although COVID-19 has impacted supply chains and decreased volumes, increased consumer demand for certain products has dampened the negative effect on the sector, with an immediate job loss of only 3,441.

01

## Establishments

Miami-Dade has over two times the number of Transportation and Warehousing sector establishments as Broward, and over three times the number of sector establishments as Palm Beach.

02

## Employees

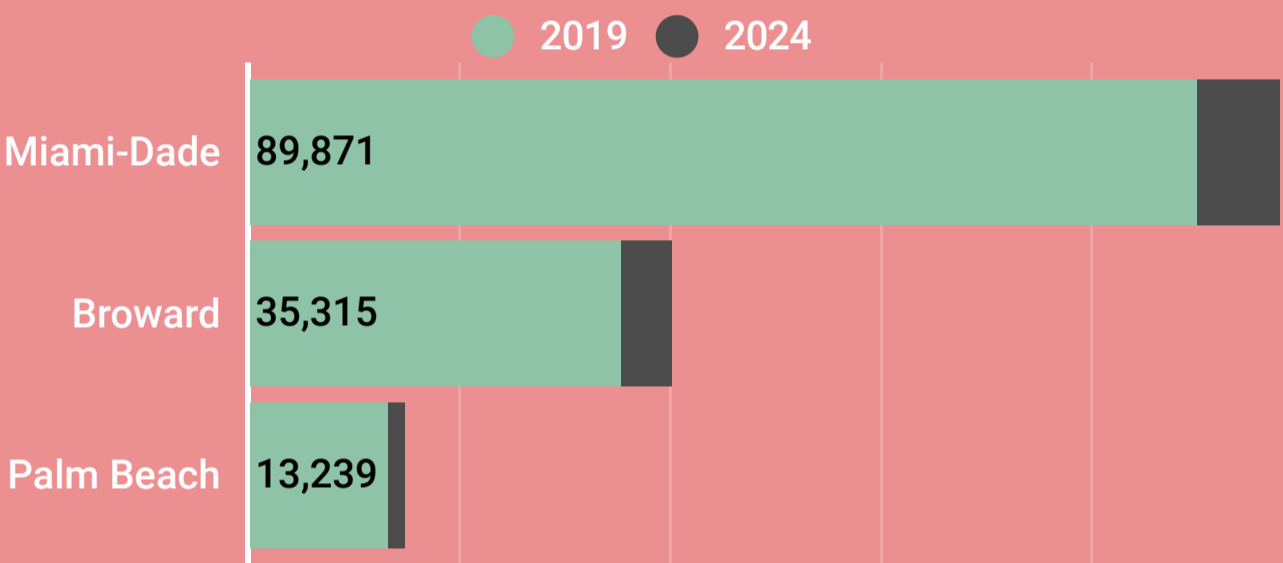

In April 2020, **584,100 jobs** were lost in the Transportation and Warehousing industry sector nationwide. In South Florida, at least **3,441 jobs** were lost.

	Miami-Dade	Broward	Palm Beach
# of employees	107,622	68,103	28,102
COVID-19 related jobless claims	2,021	1,086	334
% employed	7.8%	7.0%	4.1%

03

## Growth Projections

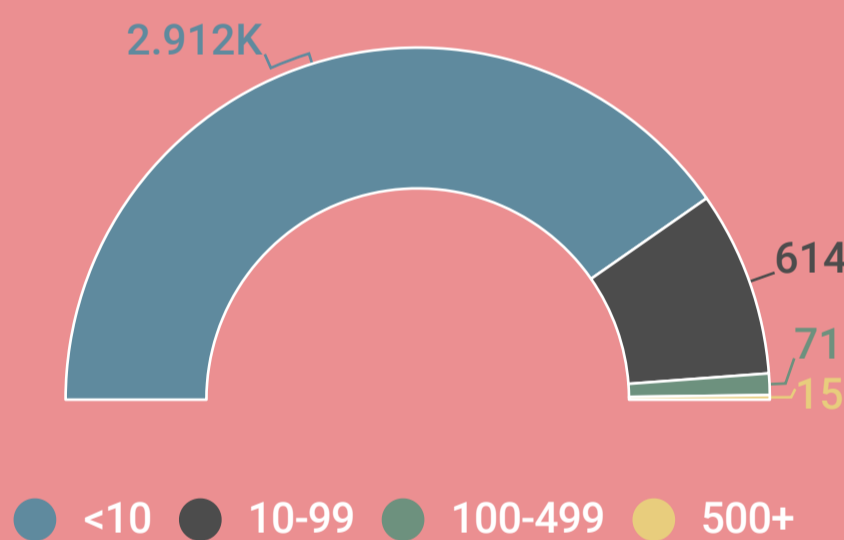

Prior to the COVID-19 pandemic, the sector was projected to have a net **10%** increase in jobs by 2024.

04

## Employers by Size

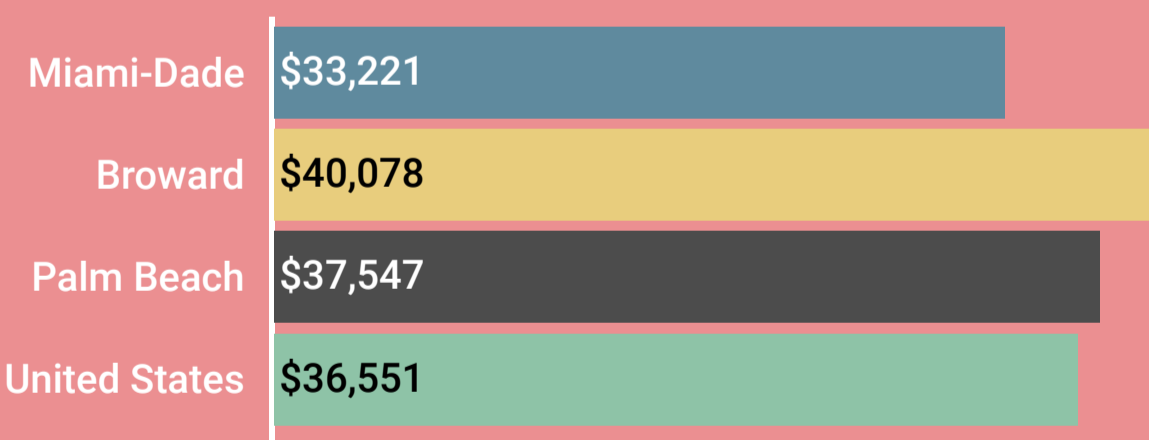

**80.6%** of transportation and warehousing establishments in Miami-Dade County have fewer than 10 employees, and **97.6%** have fewer than 100.

05

## Wages

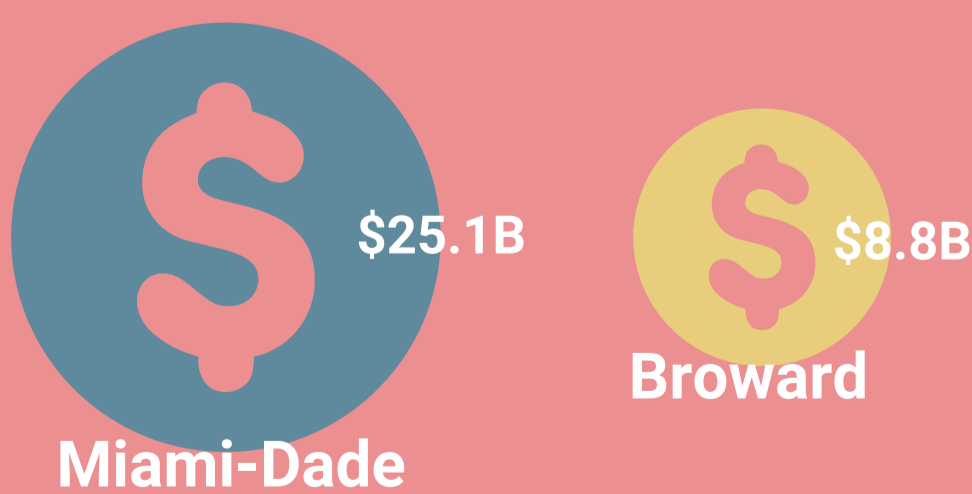

Median wages in the sector are above the overall median wage in each county, which is around **\$30K**.

06

## Value of Production

The gross revenue in the Transportation and Warehousing sector in Miami-Dade is nearly three times the gross revenue for the sector in Broward.

07

## Economic Impact

In 2018, the Transportation and Warehousing sector's direct contribution to Miami-Dade's economy was over **\$25 billion**, or approximately **9.25%** of the total.
