LGBT POPULATION IN FLORIDA

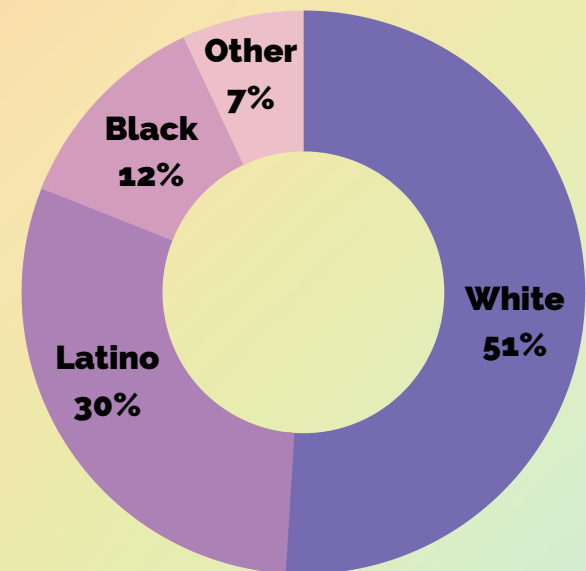

With 4.6% of its population identifying as LGBT, Florida is the 12th state by LGBT population. Of this 4.6% percent:

- 58% identifies as female
- 40% identifies as male

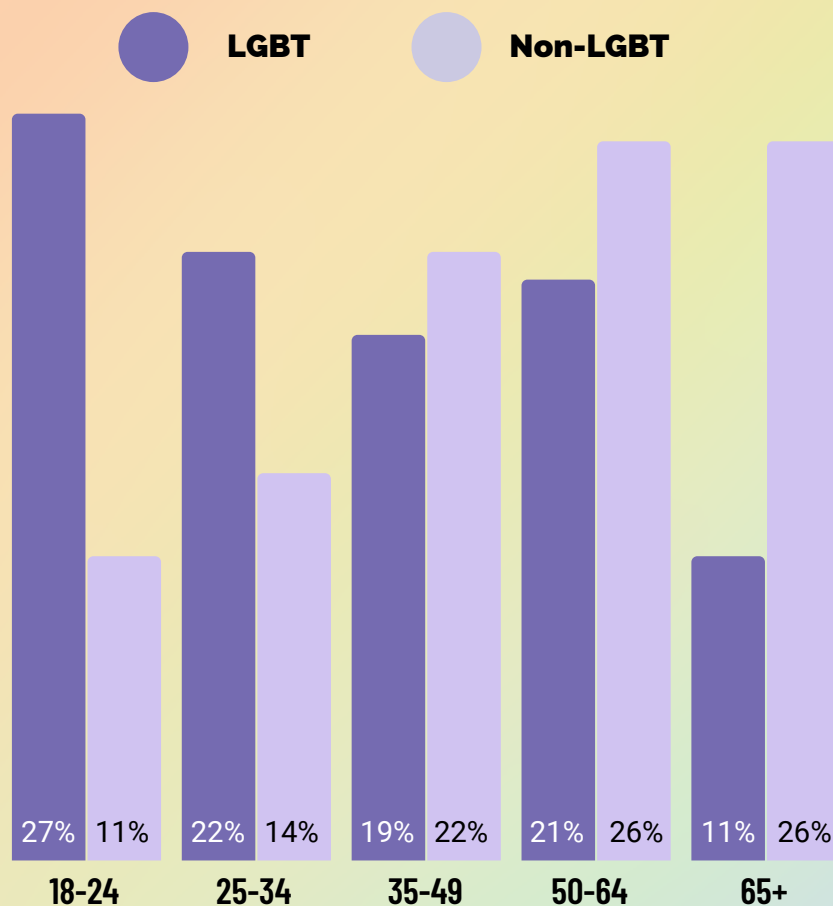

Of the 4.6% that identifies as LGBT:

- 51% is White
- 30% is Latino
- 12% is Black

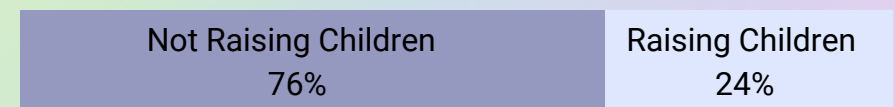

**LGBT Population in Florida
by Race**

**LGBT vs. Non-LGBT Population
by Age Group**

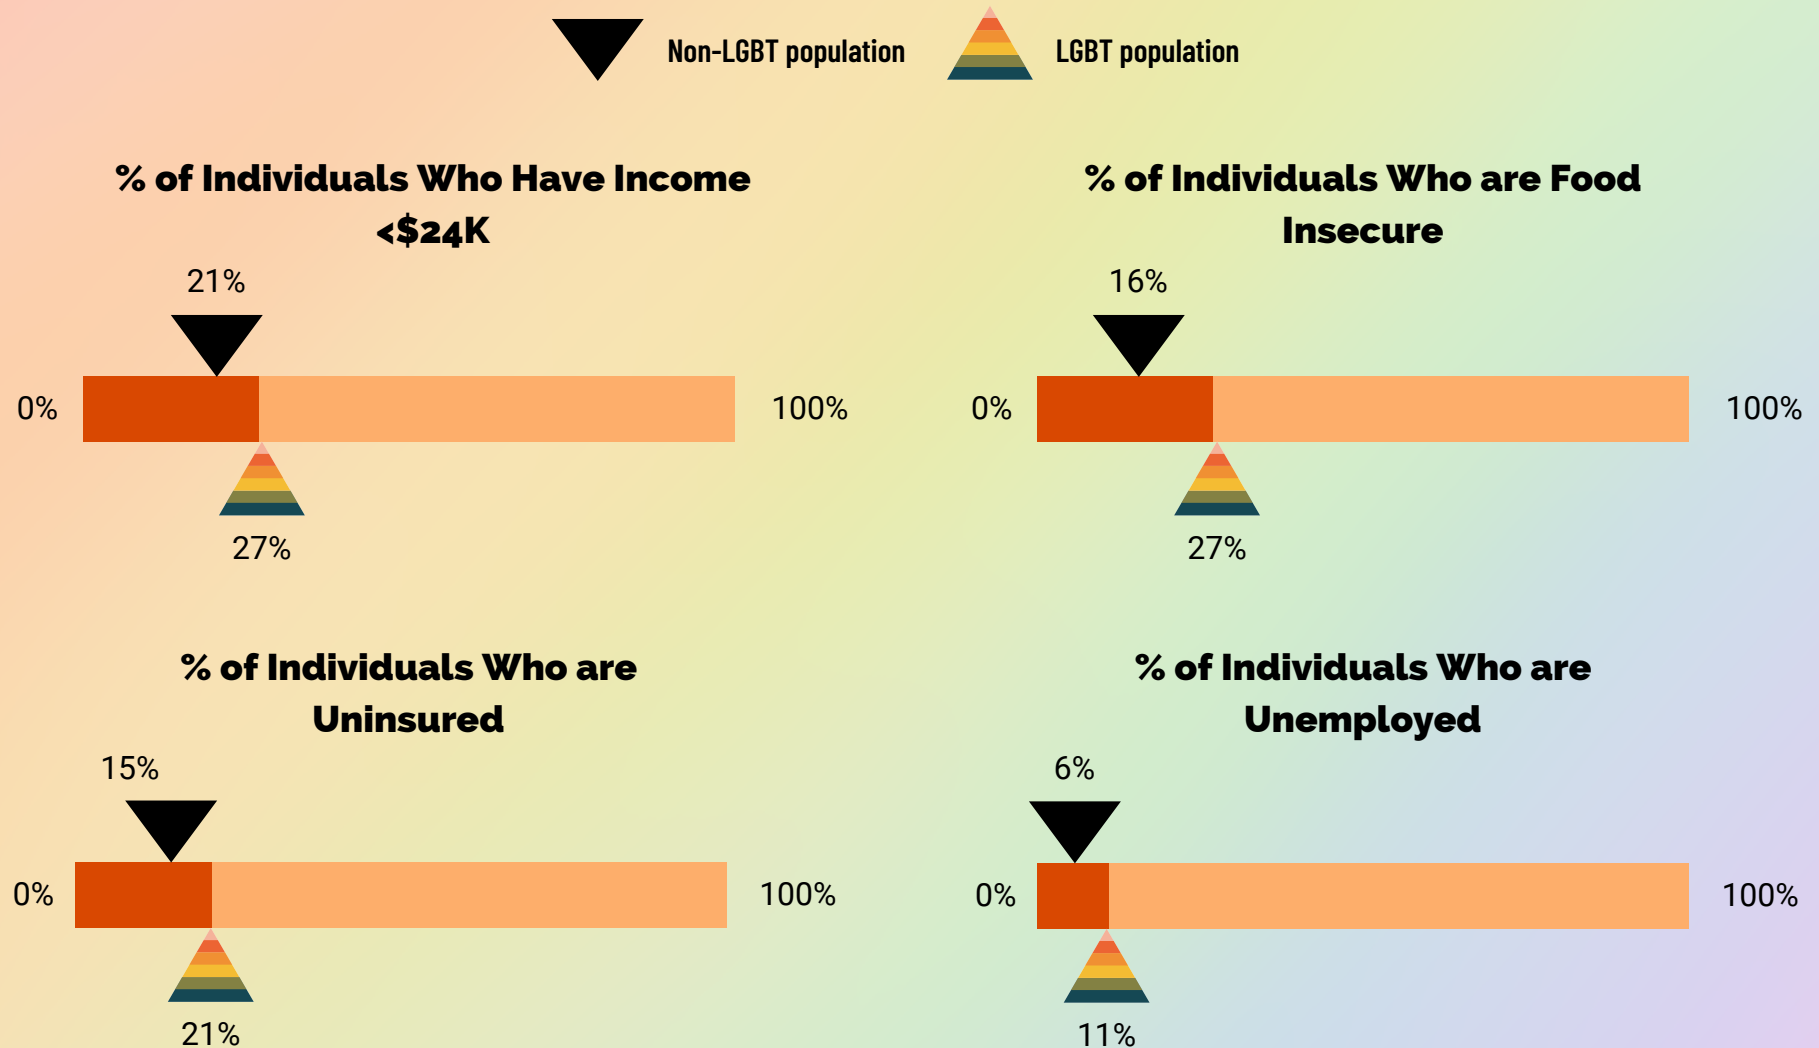

LGBT individuals are younger than the non-LGBT population, with an average age of 39 years of age vs. 50 years

LGBT vs. NON-LGBT POPULATION IN FLORIDA

Both LGBT and Non-LGBT individuals have similar levels of educational attainment, yet the LGBT population is more economically vulnerable in a number of sensible aspects.

LGBT people experience 11% more food insecurity and are 6% more likely to be uninsured. Moreover, unemployment is 5% higher in the LGBT population.

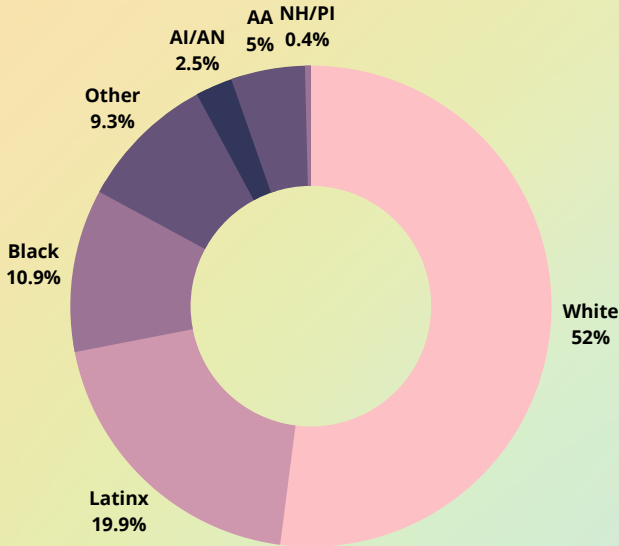

Economic Factors

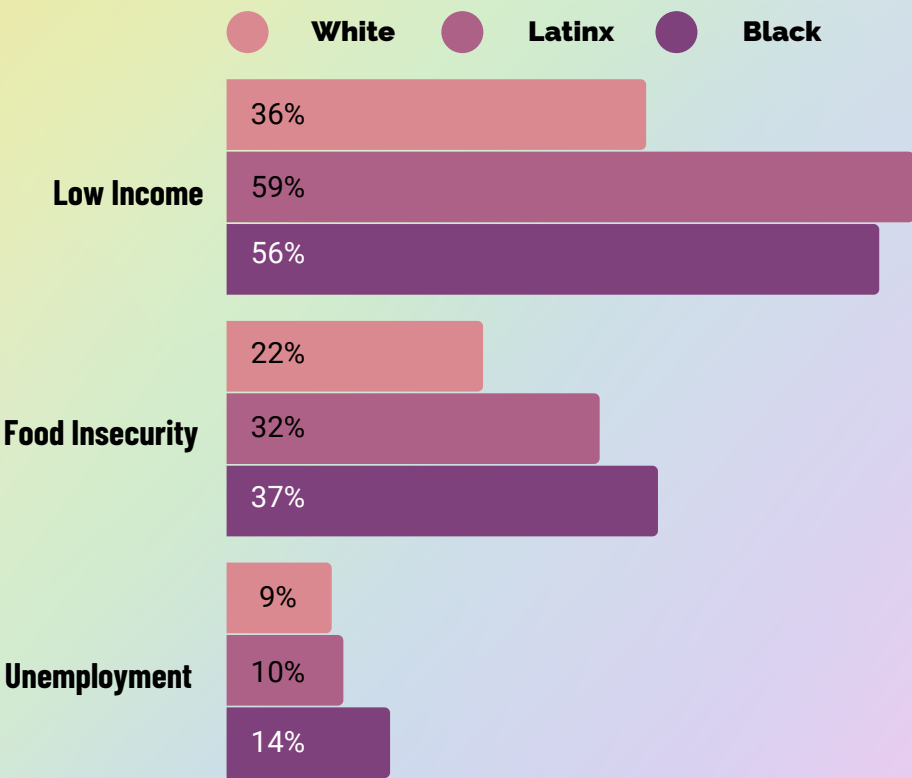

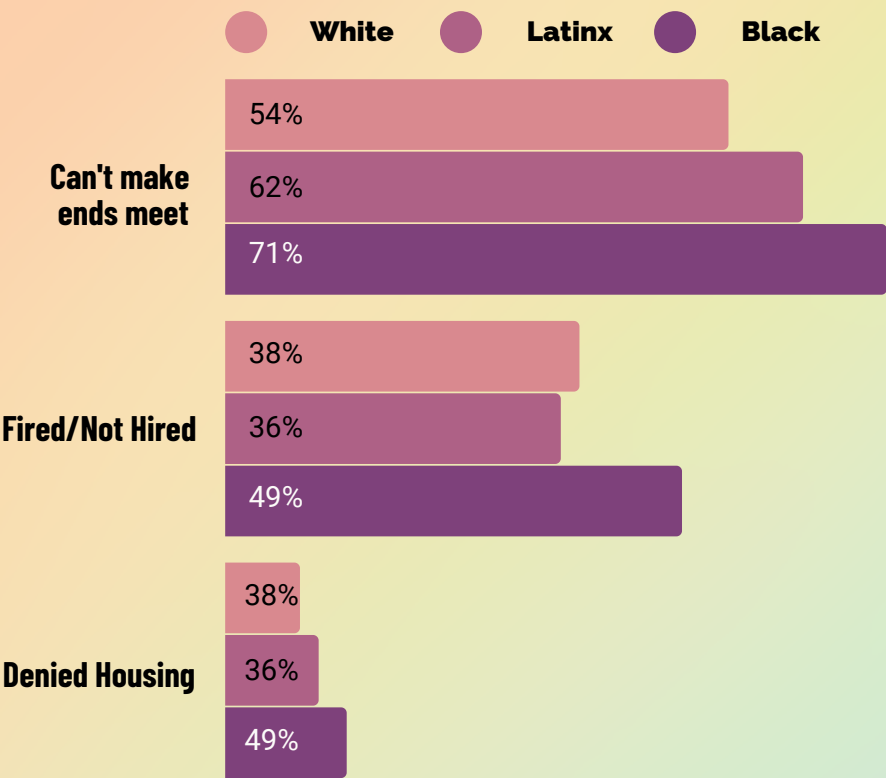

At the national level, more than half of the LGBT population (52%) is White. The economic vulnerability of the LGBT community is marked by racial disparities in several aspects:

- the percentage of Black LGBT individuals who can't make ends meet is 13% greater than the average of White and Latinx in the same situation.
- Latinx LGBT individuals with low incomes is 23% greater than Whites.
- Unemployment is on average 4.5% greater among Black LGBT individuals than in White or Latinx populations.

Racial Distribution of the U.S. LGBT Population

Economic Vulnerability in the LGBT Population by Race

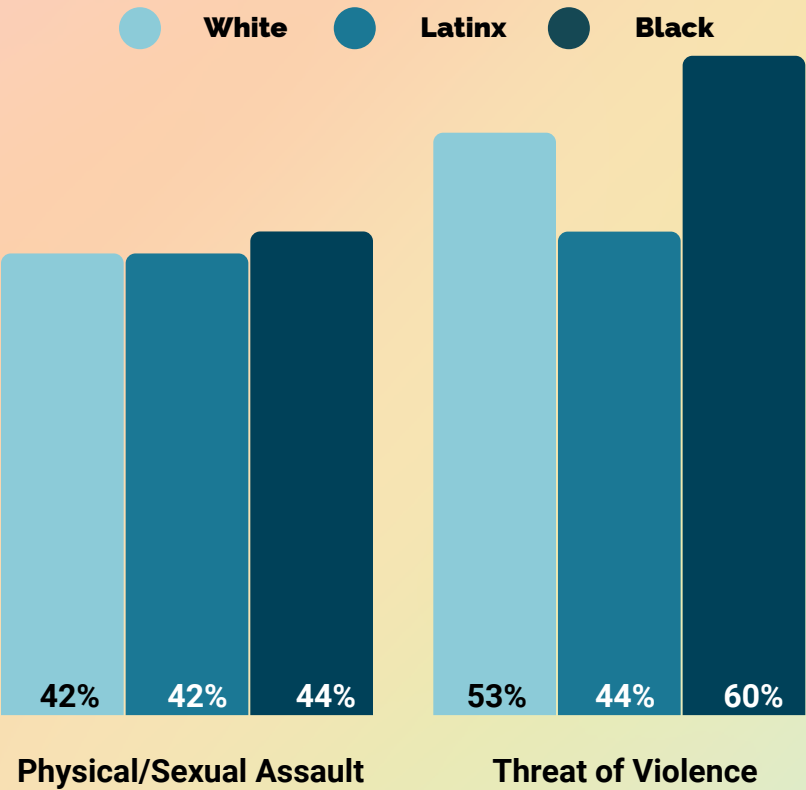

Discrimination and Victimization

Individuals who suffered parental conflict by race

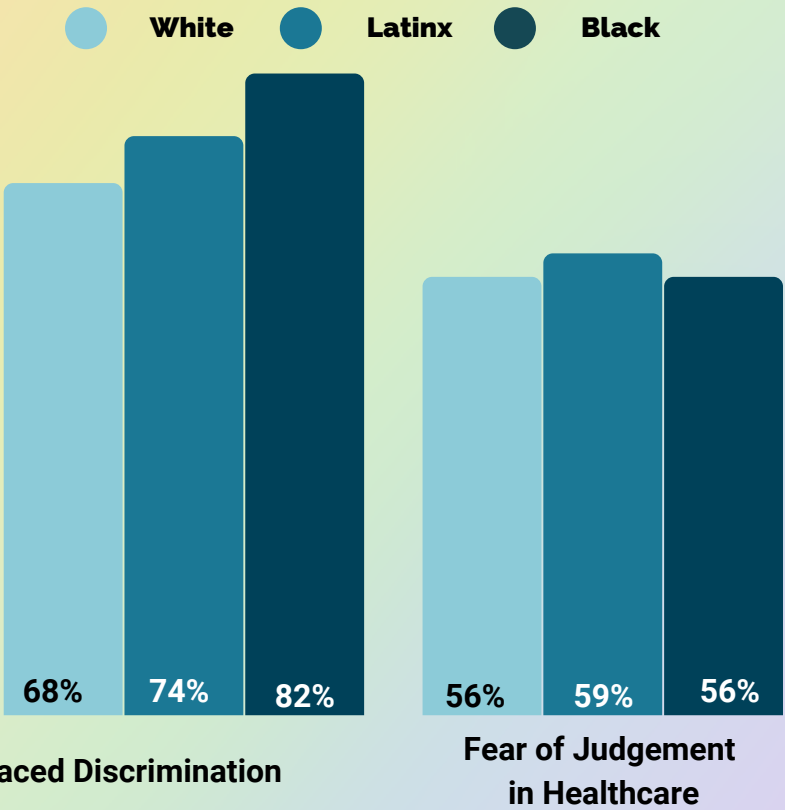

At the national level, LGBT individuals still face challenges regarding victimization and discrimination. Discrimination starts at home with parental conflict, of which an average of 50.2% of the overall LGBT population has experienced.

Victimization in LGBT population by race

Discrimination in LGBT population by race

American Indians/Alaska Natives (not shown) are the most victimized race among the LGBT population as 74% reported treats of violence and 57% were physically/sexually assaulted.

At 60% and 44%, Black LGBT individuals are the second group by threats of violence and physical/sexual assault, respectively.
